

InfrasoftTech Wins CIO CHOICE 2017 Honor & Recognition in Large Enterprise for it's Core Banking Cloud Solution and Mobile Application Management

Mumbai, India – Jan 6, 2017 – Amidst a gathering of 400+ CIOs and ICT Business Leaders InfrasoftTech's Core Banking Cloud Solution and Mobile Application Management has been recognized with CIO CHOICE 2017 Honor & Recognition Title in Large Enterprise at the exclusive Red Carpet Night wherein CIO CHOICE celebrated its 5th Anniversary, the only independent ICT Vendor Recognition platform - Voice of CIOs in India.

This marquee 5th Annual CIO CHOICE Recognition landmark event, focusing on companies based or operating in India, was the by far the most competitive in its history this year as well, with the highest number of nominations and entry submissions to date with a distinguished CIO Advisory. More than 200 entries were received this year, from a wide array of public and private ICT Vendor companies, both Large as well as Small & Medium Enterprises and from a variety of geographic regions in India.

Winners of CIO CHOICE 2017 were determined by an independent CIO voting survey from across the country on product performance, customer satisfaction and continued customer service. It is a recognition and validation that CIOs can trust because it is 'By the CIO and for the CIO'. It offers the CIO community an authentic aid to finding and considering the most preferred and stable products, services

and solutions. Having earned the honor to wear the CIO CHOICE logo ICT vendors will be enjoying new media campaigns and amplified CIO exposure resulting in increased sales.

CIO CHOICE 2017 Honor & Recognitions were presented in 52 categories, recognizing 28 distinct ICT Brands.

“CIO Choice trust seal is a Gold Standard and validation from the CIO community as it is the Voice of Customer in the recognized brand as a Trusted Partner and displays Customer Centricity,” said Anoop Mathur, Founder & President at Centre Of Recognition & Excellence.

InfrasoftTech's OMNIEnterprise™ CBS on cloud is a market leading product with an installation base of 200+ banks on cloud (e.g all 128 banks in Tamil Nadu). It is multi-lingual, multi-entity and supports interfaces to all payment gateways and channels such as eKYC / Aadhar , Internet, Mobile, ATM, Kiosks, etc. It supports all modules including CASA, Loans, Deposits, Treasury, Head-office, Loan Origination, Dashboards etc. It's lower TCO makes it one of the most cost effective solutions. OMNIEnterprise has also been tailored to meet needs of over 1000 PACS (Primary Agricultural

Societies).The product digitizes operations of payments at the bottom of the pyramid.

Our QRys mobile solution empowers the digital journey of 50+ banks globally including 3 PSU Banks. QRys is based on an omnichannel framework and has integrated mobile banking, mobile wallet, UPI, contactless and wearable payments. QRys is the only mobile solution that has so many features on both business products and on technology within one solution. It's the only solution, which integrates UPI, wallet, QR codes and NFC payments. It prevents fraud through location tracking and also has a unique voice and gesture based access for visually impaired. The indigenous middleware and single code base across platforms also supports Chat Bots.

“By being voted by CIOs, InfrasoftTech has proven their expertise in specific technology areas, places them among the top percentile of enterprise ICT vendors in India” said Anoop Mathur President at Centre Of Recognition & Excellence. “When CIOs look for an ICT partner to meet their business challenges, choosing a company that has ‘THE TRUST’ of CIO Choice Logo is an intelligent move. It is a set of CIO endorsed ICT brands with successful deployments at their customer ends.”

KPMG is the knowledge partner for CIO CHOICE 2017.
