

PRESS RELEASE

InfrasoftTech features in prestigious IBSI SLT 2019

- Tops IBSI Domestic Sales League Table 2019 in India
- Ranked #2 globally in Lending Systems and Compliance & Risk Management Systems categories
- Ranked #1 in India in Digital Banking & Channels and Compliance & Risk Management Systems

Mumbai, India – August 27, 2019 – InfrasoftTech, a global specialist in Fintech solutions, today announced that it has been recognized as the market leader – India in IBS Intelligence’s Annual Sales League Table (SLT) for the second consecutive year.

The recognition in the Digital Banking & Channels, Compliance and Risk Management Systems and Lending Systems categories was achieved owing to the superior performance of its three state-of-the-art products - **Kiya.ai** (AI-based Omnichannel & Open Banking Platform), **Univius** (Universal RegTech Solutions) and **Finairo** (Core Banking Solutions) thereby enabling the company to win several global mandates.

In the Domestic SLT-India 2019, InfrasoftTech ranked #1 in the Digital Banking & Channels for Kiya.ai and Compliance & Risk Management Systems for Univius besides occupying the second spot in the Global SLT in Lending Systems for Finairo and Compliance & Risk Management Systems for Univius in IBS SLT 2019.

IBSI SLT 2019, the global barometer for performance of the different verticals of the banking industry such as Universal Banking, Digital Banking Channels, Compliance & Risk Management, and Retail banking among others analysed over 1109 system purchases made across 112 countries.

InfrasoftTech’s Managing Director & CEO, Rajesh Mirjankar, said, “In this digital era, it is of utmost importance for all financial institutions to be integrated with robust and scalable products and systems. This win is indeed a proud moment for all of us at InfrasoftTech as we top the esteemed IBSI SLT 2019 in India for the second time in a row. It further reaffirms our commitment in delivering unparalleled solutions to all our clients driven by our advanced products, thereby driving higher efficiency and smarter business decisions.”

V. Ramkumar, Senior Partner at IBS Intelligence said, “the IBSI Sales League Table is determined based on a rigorous process of review and is globally recognized to be the undisputed barometer of market leadership. The stellar performance of **InfrasoftTech** across the categories of Digital Banking, Compliance and Risk Management Systems as well as in Lending demonstrates its commitment to innovation, and global acceptance of its offerings across its solution portfolio”

Recognition from IBSI SLT 2019 stands testimony to the InfrasoftTech’s state-of-the-art technological innovations that has put its clients far ahead of the curve. With an advanced suite of software products powered by new-age technologies such as Artificial Intelligence (AI), Machine Learning (ML) and Robotic

Process Automation (RPA), the company has enabled financial institutions globally to onboard the digital journey and create frictionless user experiences.

In the last two editions of IBSI SLT, InfrasoftTech won multiple recognitions both in India and abroad for excellence in Compliance & Risk Management and Digital segments.
